Re: Senior Dine

To Whom it May Concern,

We have been working with John Sansoucie and CatMatt Software Solutions since 2008. Over the years, he has maintained and improved upon the Senior Dine software for our nutrition program, CHAMPSS. It has been a reliable source to track our meal counts, accounting invoices, and other monthly reports.

Rarely do we have any technology issues, but when we do, John is always available to troubleshoot. He's also responsible for supplying us with meal cards in a timely manner along with any technology that we have needed.

We whole heartedly recommend using CatMatt Software Solutions for your programs.

Sincerely,

Stephanie French
